

We are looking for a

Data Analyst

This is a fantastic opportunity to work in a great software development company.

Consolia is part of international company with operations in Sweden, England, Germany, Denmark and for almost 10 years in Serbia. We are working on our SAAS solution with large international customers.

We are looking for a **Data Analyst** to join an existing and expanding development team. If you join us, you will become a part of our Belgrade team of 25+ high professionals.

JOB DESCRIPTION

As **Data Analyst** you will act as additional support to head office in building applications for analyzing our business data. You will be working with for example Qlik Sense, Microsoft SQL and develop BI applications, data mining and transformation scripts.

KEY RESPONSIBILITIES

- Develop BI applications in Qlik Sense.
- Design data models.
- Mine and transform data.
- Optimize new and current database systems
- Support our other teams in choosing data design, when needed.

REQUIREMENTS

- Proven work experience as a Data Analyst, Data Architect, Data Scientist or similar role minimum of 3 years working experience.
- In-depth understanding of database structure principles
- Experience gathering and analyzing system requirements
- Knowledge of data mining and segmentation techniques
- Experience with Qlik View, Qlik Sense, Power BI or similar BI software
- Expertise in SQL
- Proficiency in MS Excel
- Familiarity with data visualization tools
- Proven analytical skills
- Problem-solving attitude
- BSc in Computer Science or relevant field

COMPANY OFFER

- Challenging and interesting work in an international environment
- Great office space at a very good location
- Opportunity to work in a small team of highly professional people
- Great working atmosphere with proactive, friendly and motivated colleagues
- Learning and development opportunities
- Regular team bonding activities
- Full private health insurance
- Gym membership etc.
